Lower Primary

Looking around at the other artworks by Glen,
there are many birds, fish, people, crosses, animals
and even a helicopter!

See if you can find some of them.

Before emails people wrote letters and
postcards to each other.

Maybe your grandparents have old letters they have
written to friends or loved ones that describe places they
have been or how life was for them.

Have you ever written a letter or postcard to someone?

There are some postcards in the exhibition. Choose your
favourite image or draw your own. Write a story
and send it to a relative or friend.

Remember to put a stamp on it!
